

Providers of quality echocardiography services

Awesome Echocardiographer – Devon – Full or part time - £46,125 (pro rata)

Ultracardiac Ltd is an exciting private company delivering exceptional echocardiography services to the South West. We currently provide echo services to the people of Devon & Cornwall in both primary & secondary care pathways. Our brand new, purpose built clinic & HQ is located in Plymouth's prestigious Science Park adjacent to the South West Cardiothoracic Centre (University Hospitals Plymouth). All of our equipment is state of the art, portable and we operate from a "cloud" based paper free reporting and digital archiving system.

What we offer:

- * Excellent salary + bonuses
- * 38 days holiday which includes 8 bank holidays (pro rata)
- * Generous pension contribution
- * Flexible working hours
- * Full financial support of CPD
- * Friendly & vibrant working atmosphere
- * Benefits package that includes many discounted products & services

What we ask:

- * BSE accreditation (TTE)
- * Appropriate degree (ie. BSc Clinical Physiology) or equivalent
- * RCCP registration (desirable)
- * Ability to work independently and as part of a team
- * Full driving licence (preferable, not essential)

We are expanding our growing echo team in the beautiful South West of England. We operate a fully professional service with the emphasis on quality - 100% of our scans are peer reviewed for quality assurance. We have regular clinical training sessions and encourage an open policy of clinical discussion. We passionately believe in a happy working environment and invest in the well-being of all our staff (we even provide regular sports massages!).

So if you are looking for an exciting new echocardiography role please contact us for an informal chat or visit
